

The Queen's Land Forum
First Annual Conference for Senior Executives
May 25 to 27, 1998
at
Queen's University, Kingston, Ontario

New Models of Public Lands Management – Making it Work

Conference Theme:

- *Current experience in the use, sale, development and management of public lands, in an environment of higher density, mixed use urban growth policies.*
- *Presentation of cases of public land management and development initiatives that have worked financially and operationally, with clear public and political support.*

Program Outline:

Monday, May 25
